

# Creative INCENTIVES

Creative Incentives are art objects designed to evoke an emotional response from the recipient. They are created to communicate your gratitude for a job well done, acknowledge success, or to inspire achievement of personal or team goals. Additionally, Creative Incentives will communicate and encourage a positive message to others that view each unique piece. Creative Incentives are much more than mass produced premiums chosen from a catalog. And each is designed to be an ongoing reminder of an employee's contribution.

Creative Incentives can be produced as fine art prints, images on wood, metal, glass, acrylic or any medium that communicates your message best. We work with images that you provide, or you may choose from a portfolio of images created by our select artists.

Contact Dave Lersch from Printmakers Chicago at 312-672-9304 for more information, to receive a sample, or to schedule a presentation.
